A qualitative study of clinicians' experience of a clinical trial for displaced distal radius fractures: overcoming obstacles: tension, time, and territories

Published online 19 April 2024: <https://boneandjoint.org.uk/Article/10.1302/2633-1462.54.BJO-2023-0158>

In the Funding statement and Open access funding statement, the number for the NIHR Health Technology Assessment Project was incorrect and should have been 12/76/74.

In the Ethical review statement, the date on which ethical approval was granted was incorrect and should have been 16 April 2020.

The correct version is now online.
